Instruction Manual P/N: 51-76403 & 54-76403 Momentum GT Air Intake

Make: Audi Model: A3 Year: 2015-2016 Engine: L4-1.8L (t)/2.0L (t) NOTE: Excluding A3 15-16 LEV II SULEV Engine Test Groups FVGAV02.0APA & GVGAV02.0APA

Make: Audi Model: S3 Year: 2015-2016 Engine: L4-2.0L (t)

Make: VW Model: Golf Year: 2015-2016 Engine: L4-1.8L (t)

NOTE: Excluding Golf 15-16 LEV II SULEV Engine Test Groups FVGAV02.0APA & GVGAV02.0APA

Make: VW Model: GTI Year: 2015-2016 Engine: L4-2.0L (t)

NOTE: Excluding GTI15-16 LEV II SULEV Engine Test Groups FVGAV02.0APA & GVGAV02.0APA

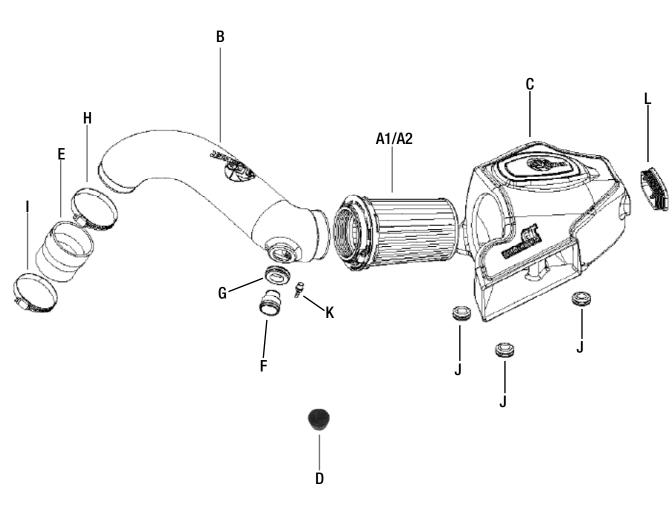

- Please read the entire instruction manual before proceeding.
- Ensure all components listed are present.
- If you are missing any of the components, call customer support at 951-493-7100.
- Ensure you have all necessary tools before proceeding.
- Do not attempt to work on your vehicle when the engine is hot.

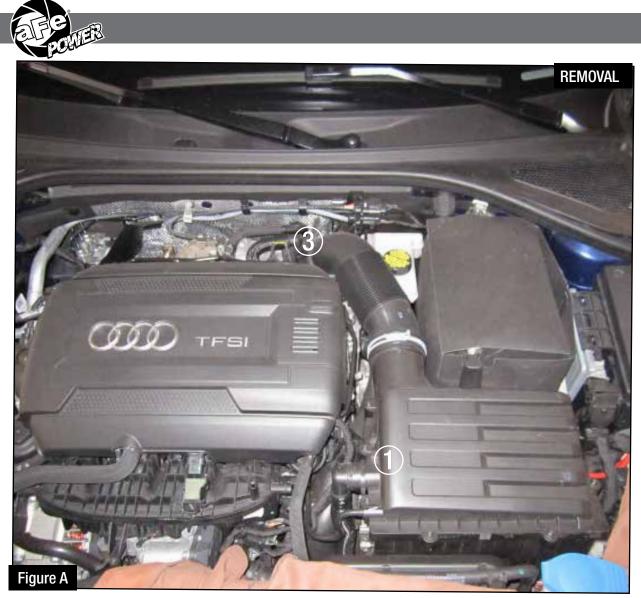

Retain factory parts for future use.

Label	Qty.	Description	Part Number
<u>A1</u>	1	Air Filter (Pro 5R)	24-91103
A2	1	Air Filter (Pro DRY S)	21-91103
В	1	Tube	05-76403B1
С	1	Housing	05-76403B2
D	1	Сар	03-50179
E	1	Coupling, Reducer	05-01196
F	1	Fitting, Smog Pump	05-01096
G	1	Grommet	03-50139
Н	1	Clamp #48	03-50007
I	1	Clamp #44	03-50019
J	3	Grommet	03-50167
K	1	Nipple Brass hose	03-50191
L	1	Plug, Urethane	05-01225

Installation will require the following tools:

8mm nut driver, 1/4" Socket Wrench, 13mm deep socket, Torx25 Screwdriver Recommended: Silicone Lubricant

Refer to Figure A for steps 1-4

Step 1. Disconnect the smog pump connector (1) from the OE intake housing.

Step 2. Disconnect the rubber crank case breather tube (2) from the OE intake housing.

Step 3. Loosen the clamp ③ connecting the OE intake tube to the turbo.

Step 4. Carefully lift and remove the entire OE intake assembly.

*Note: Alternately, the top half of the OE air box can be removed with a Torx 25 screwdriver.

Refer to Figure B for step 5 Step 5. Install the 3 provided rubber grommets (4) on the bottom of the aFe air box as shown.

Refer to Figure C for steps 6-7

Step 6. Install the larger grommet in the aFe tube as shown, followed by the aluminum smog pump fitting (5).

Step 7. Install the 3/16" brass fitting into the tube 6.

Refer to Figure D for steps 8-9

Step 8. Insert the tube into the filter and tighten the clamp at this time.

Step 9. Then insert the tube & filter both into the housing by pressing while rotating until you feel and/or hear all 6 of the tabs seat themselves into the flange.

Refer to Figure E for steps 10-12

Step 10. Install the provided reducer coupling and smaller clamp (#44) onto the turbo inlet pipe.

Step 11. Tighten clamp at this time.

Step 12. Slip the (#48) clamp onto the coupling but do not tighten at this time.

Refer to Figure F for step 13

- Step 13. Place the entire intake assembly in the engine as shown and re-attach the rubber breather hose (7).
- *Note: A small amount of lubricant on the brass fitting may help the rubber hose to slip over the brass fitting.

Refer to Figure G for steps 14-18

- Step 14. Lower the intake assembly over the 3 OE mounting locations and firmly press down on the air box.
- Step 15. Next rotate the tube down into the coupling over the turbo inlet pipe.
- Step 16. Align tube where it does not touch anything and tighten the (#48) clamp(8).
- Step 17. Connect the smog pump hose to the aluminum fitting (9).
- Step 18. Confirm all connections are secure and clamps tightened. Your installation is now complete.

*Note: Re-check all connections after approximately 100-200 miles. Place enclosed CARB EO sticker on a clean/smooth surface on or near the intake system. EO identification label is required in passing the smog check inspection. Page 10 Page left blank intentionally

Warranty

General Terms:

- aFe warrants their products to be free from manufacturer's defects due to workmanship and material.
- This warranty applies only to the original purchaser of the product and is non-transferrable.
- Proof of purchase of the aFe product is required for all warranty claims.
- Warranty is valid provided aFe instructions for installation and/or cleaning were properly followed.
- Proper maintenance with regular inspections of product is required to insure warranty coverage.
- Damage due to improper installation, abuse, unauthorized repair or alteration is not warranted.
- Incidental or consequential damages or cost, including installation and removal of part, incurred due to failure of aFe
 product is not covered under this warranty.
- All warranty is limited to the repair and/or replacement of the aFe part. To request Return Goods Authorization
 ("RGA"), email RGA@afepower.com or call (951)493-7100. Upon receipt of the RGA, you must return the product
 to the address provided in the RGA, freight prepaid and accompanied with a dated proof of purchase and the RGA.
 Upon receipt of the defective product and upon verification of proof of purchase, aFe will either repair or replace the
 defective product within a reasonable time, not to exceed thirty days.
